Subject: RE: San Jacinto River Waste Pits - Task Order 0130-RSBD-06ZQ

Brian,

As we discussed, please arrange for collection and analysis of sediment sample splits as per Sections 3.3.2 and 3.5 of the Work Plan, Revision 00 (Task Order 0130-RSBD-06ZQ, Contract EP-W-06-004). A total of 3 split sediment samples from the San Jacinto River Waste Pits Site will be required for this event, with analysis for dioxins and furans. The samples to be split are sample numbers SJNE072, SJNE073, and SJNE074. Sample collection is planned for the week of April 25, 2016.

In addition, please arrange for field oversight of the Potentially Responsible Parties' sediment sampling activities in accordance with Section 3.3.1 of the Work Plan. I am attaching the sediment sampling workplan (in 3 parts) for your information.

9768770

Please let me know if you have any questions on this.

Regards,

Gary Miller
